## **Michigan LCV Responds to Governor Snyder's Energy Address**

**ANN ARBOR** --- Michigan LCV Executive Director Lisa Wozniak released the following statement in reaction to Governor Snyder's address on energy in Michigan:

"Governor Snyder's call for more clean, renewable energy is a welcome contrast to the reckless energy plans offered by Representative Ray Franz and Representative Aric Nesbitt just last week. We are encouraged to see the Governor release numeric goals for renewable energy and reducing energy waste, but we need to see action on a plan that turns these goals into law and builds upon the success we've seen in Michigan."
